

ultra slim panel convector heaters

BUILDING REGULATIONS
PART L COMPLIANT

the PLX range

The all new PLX range is a popular choice for specifiers, home owners and contractors who demand stylish, space saving and efficient electric heating systems. Styled to complement our popular XL storage heaters and DuoHeat radiators, PLX panel heaters are often used to heat areas such as bedrooms, bathrooms, kitchens and other areas, which only require heating for short periods of the day.

They are also a cost effective way to extend an existing heating system when buildings are being refurbished or new rooms added.

Range features

- Completely new range for 2006 including 2 new outputs.
- Full range available in willow white to match XL storage heaters. 24 hour timer (TI) models also available in pure white to complement DuoHeat radiators.
- Convected heat for rapid warm-up.
- Suitable for domestic or commercial use.
- Choice of models with or without timers.
- All models splashproof (IPX4 rated) for use in bathrooms and other wet areas.
- High accuracy adjustable thermostat responds to very small changes in room temperature to reduce temperature drift. *
- Frost protection setting. **
- PLX TI models have programmable 24-hour timers.
- Option of 7-day timer on 2kW and 3kW models.
- Front air outlet grille for efficient heat circulation.
- Lockable dust cover protects controls.
- Detachable hinged wall mounting frame for fast installation and easy cleaning.
- PLX NC models with no built-in controls for use with remote controllers.

* PLX TI, PLX TX models or PLX NC models fitted with appropriate external thermostat/timer (see page 27).

** Not applicable to PLX NC range.

Model PLX500WTI (white)

Model PLX750TI (willow white)
